Verily, oh girl I say to thee
I'm tryna focus on reality
But you stuck inside my memory
Ecstasy is the thing I feel
When I think about the memories
Finna crucify me, calvary

She turn me to sinner (huh huh)
Bad man don dey tire (huh huh)
Now I depend on ganja (huh huh)
Come put me for rehab (huh huh)
Please come finish your mission (huh huh)
Before I go mental (huh huh)
Please don't tell me later (huh huh)
My girl reconsider (huh huh)

See my heart is fragile, don't divide
Man be dey hustle, no be chais
Say your love turn me to hooligan
