

# Lonely

Bella Thorne

I only check my phone when I'm lonely and horny  
I only check my phone when I feel all alone  
I only check my phone when I'm lonely and horny  
I only check my phone when I feel all alone

I feel all alone when I check my phone  
I can't go without you, I'm all alone, when I'm horny  
All alone when I'm lonely  
All alone when I check my phone

I only check my phone when I'm lonely and horny  
I only check my phone when I feel all alone  
I only check my phone when I'm lonely and horny  
I only check my phone when I feel all alone

All alone  
All alone

I feel lost without you, by my side  
I go in my room and cry, all night  
This room feels cold at night, without you by my side  
When I'm lonely and horny, cold at night

I only check my phone when I'm lonely and horny  
I only check my phone when I feel all alone  
I only check my phone when I'm lonely and horny  
I only check my phone when I feel all alone

All alone  
All alone

I don't wanna use my vibrator, every other time  
If you're not fuckin' me then, that should be a crime  
I wanna call you up, but you don't have time  
So I sit with my phone, instead of you all the time  
When I'm horny, all alone  
All alone

I only check my phone when I'm lonely and horny  
I only check my phone when I feel all alone  
I only check my phone when I'm lonely and horny  
I only check my phone when I feel all alone  
I only check my phone when I'm lonely and horny  
I only check my phone when I feel all alone  
I only check my phone when I'm lonely and horny  
I only check my phone when I feel all alone

All alone  
All alone
