

I'll Find A Way (To Carry It All)

Bella White

Night seems to fall
I'll find a way
I'll find a way
To carry it all

You took me for a ride
What can I say?
I'll find a way
To carry it all

Many's the time
When love seemed so fine
And many's the hour
It was so sweet
How did it get so sour?

I played the fool
Just for a day
I'll find a way
To carry it all

Many's the time
When love seemed so fine
And many's the hour
It was so sweet
How did it get so sour?

I played the fool
Just for a day
I'll find a way
To carry it all
