

## Unknown Legend

Bella White

She used to work in a diner, never saw a woman look finer  
I used to order just to watch her float across the floor  
She grew up in a small town, never put her roots down  
Daddy always kept moving so she did too

Somewhere on a desert highway, she rides a Harley-Davidson  
Her long blonde hair flying in the wind  
She's been running half her life, the chrome and steel she ride  
s  
Colliding with the very air she breathes  
The air she breathes

You know it ain't easy, you got to hold on  
She was an unknown legend in her time  
Now she's dressing two kids, looking for a magic kiss  
She gets the faraway look in her eyes

Somewhere on a desert highway, she rides a Harley-Davidson  
Her long blonde hair flying in the wind  
She's been running half her life, the chrome and steel she ride  
s  
Colliding with the very air she breathes  
The air she breathes

Somewhere on a desert highway, she rides a Harley-Davidson  
Her long blonde hair flying in the wind  
She's been running half her life, the chrome and steel she ride
