Bellah Mae

[Verse 1]

Might be the only guy who didn't send me hearted eyes
In reply to my latest story
In red lace lingerie, I kiss you, but you shy away
Then roll to get your eight hours of sleep in
But you will never leave me, 'cause to you we're more than fine
And I'm ticking all your boxes, oh, I play such a good wife
And we work well on paper, we don't argue, we don't fight
But lighting scented candles just won't relight up our fire

[Chorus]

And it ain't that bad, it's just not what I wanted
Don't wanna live this life half-hearted
I want fireworks and flames, don't want safe, tame, practical
That ain't enough, that ain't love, no, we're just compatible

[Verse 2]

Your eyes never light up when I spend all day dressing up
For you to just say, "Don't make us late"
Try saying how I'm feeling, you said, "Not right now, I'm busy"
You don't know I'm slipping away
And I could dye my hair, go crazy, like getting blue highlights
And I don't think you'd notice and you probably wouldn't look twice
I'm way too short and cute to have to be the biggest spoon
But I refuse to feel all the distance

[Chorus]

And it ain't that bad, it's just not what I wanted
Don't wanna live this life half-hearted
I want fireworks and flames, don't want safe, tame, practical
That ain't enough, that ain't love, no, we're just compatible
Hmm, we're just compatible

[Bridge]

Wish you would go do something I could forgive you for
Go sleep with my best friend, tell the police I broke the law
I need good enough reason to get up and out the door
And it's not dramatic, it's just that we're average

[Chorus]

And it ain't that bad, it's just not what I wanted
Don't wanna live this life half-hearted
I want fireworks and flames, don't want safe, tame, practical
That ain't enough, that ain't love
We're not enough, we're not love, no, we're just compatible
Oh, we're just compatible
