

Love Of My Life

Bellah Mae

Wow you got me good well this was unexpected
Barely turned around and you had up and left oh-oah
(I mean what the fuck) oh-oah
(I mean what the fuck?!)

Tell me what you feel because it's not emotion
You get in your boat while I cry your ocean oh
(Way to waste a love) oh-oah

Did I really mean nothing at all?
Why would you care about me? 'Cause

It's not like, no it's not like
You're the love of my, love of my life
It's not like I'm gonna go and downward spiral
Flatline here in all 4 vitals

It's not like no it's not like
I let you waste 3 years of my time
How when you're gone am I supposed to be fine
When you're the love of my life

I was all about you, I'd put my bets in
That we would've ended in a big white wedding but no
(It's all tits up) oh-oah

Did I really mean nothing at all?
Why would you care about me? 'Cause

It's not like, no it's not like
You're the love of my, love of my life
It's not like I'm gonna go and downward spiral
Flatline here in all 4 vitals

It's not like no it's not like
I let you waste 3 years of my time
How when you're gone am I supposed to be fine?
When you're the love of my life

Love of my, love of my, love of my life
Come back, fuck that, don't even try
Gone now, lost out, hit a goodbye
Love of my, love of my, love of my life

I'm not fine, I'm not alright
You might be the love of my life
I might've spent the whole damn night crying
You might've spend this relationship lying

It's not like no it's not like
I let you waste 3 years of my time
How when you're gone am I supposed to be fine
When you're the love of my life

Love of my, love of my, love of my life
Come back, fuck that, don't even try
Gone now, lost out, hit a goodbye

Love of my, love of my
Not the love of my life
