

Rinse & Repeat

Bellah Mae

Tell me how long does a game of golf take?
Cause I've been waiting on a reply from ya for 4/5 days
Kinda seems strange

And I'm pretty sure you got a girl in my place
And I could my lose my shit but I'ma just stay in my lane with my princess f
ace

But that was the last time I let a nice guy
Get in my head or get in my sheets
Cause you fucked me over more than any fuck boy has fucked with me

And God, you're ruthless
You had me fooled that we were something we're obviously not
Now I'm looking back and wondering, do you do this a lot?

You're so good you should act in all the movies
Starring in "how to win a girl then leave in 5 weeks"
Why'd you get me so close then go so out of reach?
You didn't wanna keep me
Only wanna sweep me off my feet
Then you rinse and repeat

I wish that you could unmeet my teddy
Unsee all the little freckles that are on my body
Wish I could unsip all of the morning coffees that you got me
Want me to think that you want me
Now you're not even sorry

You're so good you should act in all the movies
Starring in "how to win a girl then leave in 5 weeks"
Why'd you get me so close then go so out of reach?
You didn't wanna keep me
Only wanna sweep me off my feet
Then ya rinse and repeat

How many girls did you take home
To cook that crab linguine?
How many times did you say that
You fall in love so easy
Everything you did was magic
Til you disappeared like Houdini
Did you always know that
You were always gonna leave me?

You're so good you should act in all the movies
Starring in "how to win a girl then leave in 5 weeks"
Why'd you get me so close then go so out of reach?
You didn't wanna keep me
Only wanna sweep me off my feet
Then ya rinse and repeat
