

Wrap Me Up

Bellah Mae

(Won't you come and wrap me up?)

We could have a couple red wines, get the drinks flowing
Flicker of a low light, see my skin glowing
Easy like a slow night, outside snowing (Ooh-oh, no, hmm)
I got a couple stockings hanging on the wall
If nobody's knocking, we'll let it snowball
Come and lay it on me and deck my halls (Na-na-na, ah-woah)

'Cause Santa said you want a five foot six (Six)
Mistletoe kiss (Kiss)
With a little attitude, someone that you can't refuse
Candy cane sweet, sleigh ride in the sheets
And no one does what I do

So why don't we just wrap me up?
A little bow and ribbon, best thing you've been given
Baby, come and wrap me up
I'll be under your tree, hurry up and find me

Won't you come and wrap me up? Christmas has come
I don't think that you'll ever forget this one
Wrap me up, twelve days of fun
Got you greedy for more than the cookies and the rum

Don't need to see your wish list, I know what you're wanting
You're not the only one, so put down a deposit
Better be a good boy to get your name on it (Ooh-woah, oh-no)

'Cause Santa said you want a five foot six (Six)
Mistletoe kiss (Kiss)
With a little attitude, someone that you can't refuse
Candy cane sweet, sleigh ride in the sheets
And no one does what I do

So why don't we just wrap me up?
A little bow and ribbon, best thing you've been given
Baby, come and wrap me up
I'll be under your tree, hurry up and find me

Won't you come and wrap me up? Christmas has come
I don't think that you'll ever forget this one
Wrap me up, twelve days of fun
Got you greedy for more than the cookies and the rum

Apple pie, turkey's so dry
I got something better I think you should try
You crazy Kris Kringle, cute when you mingle (Cute when you mingle)
Come the twenty-sixth, no way you'll be single

So why don't we just wrap me up?
A little bow and ribbon best thing you've been given
Baby, come and wrap me up
I'll be under your tree, hurry up and find me

(Wrap me up, go ahead and wrap me up)
Won't you come and wrap me up?

Have a little fun
(Wrap me up, go ahead and) Wrap me up
