

Motion Sickness

Bellah

Don't call and ask me if I'm good
Cos if I pick up you ain't off the hook
Only doing that cos you think you should
If I was the assignment you misunderstood

I do better
When I'm far away
Keep my distance
So I don't suffocate
I'm looking after me
Myself and I
No I can't let nothing
Come between
Me and my peace of mind

Nowadays I see more
Say less
New flex
My emotions got motion
Sickness
I need rest
Mi can't stress it enough
I ain't scared to lose somebody
Lose somebody

They was draining my energy
Cut them off found a better me
With friends like that who needs enemies?
Na na na na na na
Now I'm focused on the legacy
Try leave trust funds for my mini me's
You and I got different priorities

I do better
When I'm far away
Keep my distance
So I don't suffocate
I'm looking after me, myself and I
No I can't let nothing
Come between
Me and my peace of mind

Nowadays I see more
Say less
New flex
My emotions got motion sickness
I need rest
Mi can't stress it enough
I ain't scared to lose somebody
Lose somebody

Still got love for you
Even if it's from a far
It's not personal
But if you take it to heart

I ain't scared to lose somebody

Lose somebody
