

Never Loved

Bellah

My diary's a waste of paper
You gon' hear me now rather than later
Been too nice for too long
Been too right to do wrong
See let me tell you 'bout this man, he
He showed me love and then he ran from me
He didn't know that I'ma bad B
I think I hate him like my daddy

And still, I got nothing to show for it
Wasted time, broken heart, nothing to show for it
I caught a body, he caught a body
Now I ain't got nobody
You gon' make me call somebody
Nothing to show for it
Wasted time, broken heart, nothing to show for it
I caught a body, he caught a body
Now I ain't got nobody
You gon' make me call somebody

I know you're calling me crazy, me crazy (No, no)
But I can't help myself I just lost my baby
Don't act like you never loved, never loved
Act like you never loved, no
Act like you never loved, never loved
You never loved, never loved

My diary's a waste of paper
Homeboys yelling out don't save her
I don't wanna be saved
If it's from you, baby, no way
And I know messaging won't do it
How am I supposed to get to you when?
You turned your read receipts off
You must think I'm foolish

And still, I got nothing a show for it
Wasted time, broken heart nothing to show for it
I caught a body, he caught a body
Now I ain't got nobody
You gon' make me call somebody
Nothing to show for it
Wasted time, broken heart, nothing to show for it
I caught a body, he caught a body
Now I ain't got nobody

So tell me why he lied
Told me that I was everything he got and now he got nothing to say
Swore on my life, boy, I nearly died
I'm gon' make it a double homicide
Now I ain't got nobody (Ooh)
Tell me what I did to deserve it, baby, please?
I caught a body, he caught a body
Now I ain't got nobody
You gon' make me call somebody

I know you're calling me crazy, me crazy (No, no, no)

But I can't help myself, I just lost my baby
Don't act like you never loved, never loved
Act like you never loved, no
Act like you never loved, never loved
You never loved, never loved

Act like you never loved (No, no)
Never loved, no, no
(Yeah)
