

## Peanut Butter Hazel (Extended)

Bellah

Do I make you nervous?  
Keep it on one-hundred for me  
You scratching the surface  
I'll give you permission if you wanna go deep  
Deep sea diving right now, your seat's reclining  
You're too chill  
You not playing your part of the deal  
I should've fallen head over heels  
But these shoes expensive for real

All those dreams you sold  
You got me holding onto  
While I'm tryna hold onto my bag  
You slowing me getting to my paper

Give me my peanut butter hazel  
For the night  
Don't you make me wait now (Don't you make me wait now)  
I ain't hard to please  
You got just what I need  
Peanut butter hazel  
Give me my peanut butter hazel  
For the night  
Don't you make me wait now (Don't you make me wait now)  
I ain't gonna sneeze  
I ain't got no allergies  
Peanut butter hazel

I see you tryna focus  
Got all your attention on me  
Why you being cautious?  
I know you heard that the red might make you nauseous  
Baby I ain't gonna lie  
Restriction on the high  
I need that \*\*\*\* oversize (Right now)  
Every time that I call you say  
You want your way, but you making me wait

All those dreams you sold  
You got me holding onto  
While I'm tryna hold onto my bag  
You slowing me getting to my paper

Give me my peanut butter hazel  
For the night  
Don't you make me wait now (Don't you make me wait now)  
I ain't hard to please  
You got just what I need  
Peanut butter hazel  
Give me my peanut butter hazel  
For the night  
Don't you make me wait now (Don't you make me wait now)  
I ain't gonna sneeze  
I ain't got no allergies  
Peanut butter hazel
