

# All In The Name Of Love

Bellamy Brothers

CHORUS

All in the name of love  
All in the name of something beautiful  
All in the name of love  
All in the name of something beautiful  
We don't even act like strangers  
Seems weve been knowing each other for a long time  
And every time that weve seen each other  
Weve come up with some reason to stay apart  
But baby, love is in your eyes  
Baby, lets make the compromise

CODA (next 3 par.)

Ill be your cover, in the wintertime  
Any reason, any season  
Ill be satisfied  
Long as Im here with you  
Youll be my cool in the summertime  
Any reason, any season  
Youre always on my side  
Whatever Im into  
Cant you feel the magnetism  
Growing stronger and stronger  
So why don't we do it all

CHORUS

There aint no doubt about this feeling  
Yeah, it's obvious my search will end with you  
And I can tell by your facial expression  
That you have the same attraction for me too  
But baby, common lets take the ride  
Were destined, straight for paradise

CODA

CHORUS

All in the name of love  
All in the name of something beautiful (oh)  
All in the name of love (all in the name of love  
between me and you)  
All in the name of something beautiful (all about, all  
about something beautiful)  
All in the name of love  
All in the name of something beautiful  
You and me, were overdue, for getting together baby  
It always seemed our love was meant to be  
(Hey) All in the name of love  
(You and me, weve always had that strong attraction  
You can't keep a lock on love, cuz Ive got the keys)  
All in the name of something beautiful  
(Hey) All in the name of love  
All in the name of something beautiful
