

Big Love

Bellamy Brothers

Ahh, ahh, ahh....

Where does this feeling come from
That I have for you
All of those other affairs
Have left me cold and blue

I feel like I've always known you
I feel like I wanna start screaming
I know you're a living angel
But I still think I must be dreaming

This is a big love
This is a big, big love
This is a big love
And I've been waiting for it
All of my little life

Ahh, ahh, ahh

Just when I wasn't expecting it
Darling, there you stood
I ain't never been a knight in armor
But with you, I could
Thank you for using Top40db.com.

I'm trying to play it so cool, babe
But my heart is out of control
You're giving the shakes to my body
You scare the hell out of my soul

Ahh, ahh, ahh, ooh

Started with a glance across the room
That spun a lover's curse
Then it spread across the universe

This is a big love
This is a big, big love
This is a big love
This is a big, big love....
