

## Over The Line

Bellamy Brothers

Daybreak on the highway, I guess I drove the night away  
It's hard to leave yourself behind  
The devil take the state law, god it's such a long haul  
Lookin' for an exit sign  
Somethin' in my rearview, I guess they always find you  
Livin' over the line

CHORUS

Over the line I thought the road was mine  
Over the line I thought I was doin' fine

Some don't have a mother, some don't have a father  
Some don't have a lot to lose  
All they know is hard times, and burnin' up the white  
lines  
I'm burnin' up the highway blue  
Somethin' in my rearview, I guess they always find you  
Livin' over the line

CHORUS

Oh and I tend to keep on strayin'  
So they keep on drawin' lines  
Lord I love the music  
Of that engine when she wines
