

Safety Valve

Belle and Sebastian

I wrote a song to you
I poured my soul in it
Now I'm feeling fly
I want my soul back

Lately, I just need a pal
Thanks for being my safety valve

I know that there's something out there
I can feel it
I walk in the night
I look in the windows
There's dinners and parties
And late conversations
Laughing out loud
The tears of a crowd

Lately, I just need a pal
Wish you'd be my safety valve

Hey, I've been here before
I'll save you, it's a serious bore
Hey, I've been

I still wrote this song for you
I dedicate this song to you
I know you've been there all alone
I wanna stay close to you

Sometimes I just need a pal
Thanks for being my safety valve

Hell on my own is a night without prospects
You need something good to get through the day
I'm not in a good place, I know I'll get better
But just for tonight, take me away

And come and be my sacred pal
Come and be my safety valve

Hey, I've been there before
I'll spare you, it's a serious bore
Hey, I've been there before
I'll save you, it's a serious bore
Hey, I've been there before
