

Light Up, Shine

Belle Mariano

There's something in the air today
That sweet breeze
The scent of "come what may"s inspires me

Yesterday made me
Today, I make it count
Gotta conquer tomorrow
And shine bright all the way

Light up! Shine!
Oh! It's your time
To light up! Shine!
Together, we can light
Up!
Light up! Shine!
Let your sweetness shine

There's something in the skies today
That warm glow
The scent of "much better days" excites me

Yesterday made me
Today, I make it count
Gotta conquer tomorrow
And shine bright all the way

Light up! Shine!
Oh! It's your time
To light up! Shine!
Together, we can light
Up!
Light up! Shine!
Let your sweetness shine

Let your sweetness shine
Let your sweetness shine

Wipe those tears
Share your fears
Keep believing, always unwavering
Write your season
Chase your reason
Dreams come true, if you keep on trying

Yesterday made me
Today, I make it count
Gotta conquer tomorrow
And shine bright all the way

Light up! Shine!
Oh! It's your time
To light up! Shine!
Together, we can light
Up!
Light up! Shine!
Let your sweetness shine

Light up! Shine!
Oh! It's your time
To light up! Shine!
Together, we can light
Up!
Light up! Shine!
Let your sweetness shine

Let your sweetness shine
Let your sweetness shine
