

Something You Should Know

Belle Perez

I'm in the blue up here in my room
What can I do if you're not coming soon
We gotta talk I think I got a right
Why do you stay out all night

You're on the run but you cannot hide
What have you done I know deep down inside
The little boy wants to be a man
Just as well don't understand

You've been talking in your sleep
It's time you knew I know
Baby the secrets that you keep
Oh they really hurt me so

Don't hurt me please don't hurt me
Come on now don't let go
Don't hurt me don't desert me
There's something you should know

And if it's so that you're on my side
I'd like to know why you're out all night
This can't go on I don't need your lies
So listen up and be surprised yeah

Maybe one day you will see
We all make mistakes
But there won't be another me
The day your heart will break

Don't hurt me please don't hurt me
Come on now don't let go
Don't hurt me don't desert me
There's something you should know

You've been talking in your sleep
It's time you knew I know
Baby the secret that I keep
Is about to show

Dee dee dee dee dee dee dee dee
Dee dee dee dee dee dee dee dee
There's something you should know

Don't hurt me please don't hurt me
Come on now don't let go
Don't hurt me don't desert me
There's something you should know
