

Dancing Inside

Bellefire

I'm dancing inside
Dancing inside

Let's start living tonight
Feel the fire inside
'Cause I'm dancing inside

Mixed up in the madness
Whoa
When you're heart
Remind me not to go
Wake up
And find a way to make the day yours

Why feels so low
Pull yourself together
Get up and go
Happiness ain't far away

Let's start living tonight
Feel the fire inside
Never felt so alive all my life
Oh I'm inspired
'Cause I'm dancing inside

Caught up in the craziness
Whoa
Feels like it's never gonna end
I've learned It's up to you to find a new freedom

They all pretend
We'll do it someday
No time to spare
Will that someday

Let's start living tonight
Feel the fire inside
Never felt so alive all my life
Oh I'm inspired
'Cause I'm dancing inside

Let's start living tonight
Feel the fire inside
Never felt so alive all my life
Oh I'm inspired
'Cause I'm dancing inside

Dancing inside, Dancing Inside
I'm dancing inside
I'm dancing inside

Let's start living tonight
Feel the fire inside
Never felt so alive all my life
Oh I'm inspired
'Cause I'm dancing inside

Let's start living tonight
Feel the fire inside
Never felt so alive all my life
Oh I'm inspired
'Cause I'm dancing inside

I'm dancing inside, dancing inside

I'm dancing inside, dancing inside
