## Belligerence

I'm war, I saw ancient lines  
I'm war, I've hidden many rimes  
I'm war, My soul's inside you  
I'm war, I'm chaos clue  
I'm war, I grew up in your mind  
I'm war, I'll kill your kind  
I'm war, I defeat your heart  
I'm war, I'll view my card

I see far history, It's full of misery  
It's full of pain, I see bloody rain,  
I see short past, Death's coming very fast  
It comes by my hand, I see bloody land

I'm war, I saw ancient lines  
I'm war, I've hidden many rimes  
I'm war, My soul's inside you  
I'm war, I'm chaos clue  
I'm war, I grew up in your mind  
I'm war, I'll kill your kind  
I'm war, I defeat your heart  
I'm war, I'll view my card

Kiss me! - Kill me!

I see wounded land, By your hand  
I'm within reach, I see bloody beach  
I see violent death - Black, Blue, Red  
Fire, Iron, Lie - I see bloody sky!

Belligerence!  
You want war!
