

## Warfare

## Belligerence

Lies and politics  
Have the biggest guilt  
Who's responsible, for the bestialities  
Who remade innocence, to the piece of shit.  
Wake up and - open your eyes  
Watch my dying - dokud je čas  
It is inside - je to v nás  
Be proud - before you die!  
This is, has to be war!  
For, from malice!  
We're participants, of this world  
We're responsible, for.....  
Wake up and - open your eyes  
Watch my dying - dokud je čas  
It is inside - je to v nás  
Be proud - before you die!  
This war, is for, every little piece, of mirror  
This reasons, explain more  
Every single bullet in your head.  
Money eating, crude oil drinking, gold is a past, battles for territory!  
World cries, here reign greed  
Should I live in a, crematory..

Trust, com'on hit and fight  
Through the dark to the light  
Bleed with us, sacrifice  
Pray for us, pray for us  
Trust, come on, move in the night  
Fight with all of your might  
Let's do this sacrifice  
Pray for us, pray for us  
Trust, com'on hit and fight  
Through the dark to the light  
Bleed with us, sacrifice  
Pray for us, pray for us!

Wake up and - open your eyes  
Watch my dying - dokud je čas  
It is inside - je to v nás  
Be proud - before you die!  
Money eating, crude oil drinking, gold is a past  
Battles for territory!  
World cries, here reign greed  
Should I live in a, crematory...

Dust covered us  
You know, what you must  
I just have to trust  
Things are moving too fast.  
We're loosing ourselves  
it is bereavements  
that we, cannot replace  
this is human war's face.  
Trust, com'on hit and fight  
Through the dark to the light  
Bleed with us, sacrifice  
Pray for us, pray for us!

Young man bleeds in here  
Young man wades in tears  
Everyone bleed out fast  
Everyone will turn into the dust.
