

Long Time

Belly Squad

She said it's been a long time, you're looking brand new
I said yh it's been a while, you're looking fine too
She said ahh yh, what's been new
I told her come and catch a vibe and I can show you

You know that's my type of vibe
You know that's my type of vibe
You know that's my type of vibe
You know that's my type of, that's my type of vibe

Come here baby let me take you mind off it
Before I ride her you can ride pon' it
Face nice I just wanna' put a smile on it
You like my ladder you can climb on it

She wanna' role with the gang that's today and tomorrow
But it ain't safe it's like five years in the Sirocco
When I step through don't watch my face
I'm just on a wave but I can have a nine shooting up the place
She's a boujee girl on the d-low
She just like Chanel and Moschino
She better find another man
Cause' I'm just chasing a bag by baiting another man

But you can holla if you want to take your mind off
It before I ride her you can ride pon' it
Face nice I just want to put a smile on it
You like my ladder you can climb on it

She said it's been a long time, you're looking brand new
I said yh it's been a while, you're looking fine too
She said ahh yh, what's been new
I told her come and catch a vibe and I can show you

You know that's my type of vibe
You know that's my type of vibe
You know that's my type of vibe
You know that's my type of, that's my type of vibe

Feels like I haven't seen you in a decade
But now you wanna' have some words like an essay
Fishes in the sea but you're my mermaid baby
Love it when you give me head not headaches
It's too much, too much
Cause' when I do it you're gunna' feel it in your brain
Don't think about it too much, too much
I'll change your life it won't ever be the same
I ain't here to tell you what you've heard before
Your ex wants you back and he's tryna' burst the door
I'm in the 4x4 you know that's gang and more
Niggas tryna' ride the wave but still stuck on shores
A driller to my left when I pull up to the function
That way there's no room for corruption
I remember I was chilling at the junction
And now I'm getting to the money no discussion

She said it's been a long time, you're looking brand new

I said yh it's been a while, you're looking fine too
She said ahh yh, what's been new
I told her come and catch a vibe and I can show you

You know that's my type of vibe
You know that's my type of vibe
You know that's my type of vibe
You know that's my type of, that's my type of vibe

I love it when you look sophisticated
Nothing like these other gyal you never do basic
I didn't leave it but I have to face it
Gal you say you're not about but you're body we break it
I love it when you look sophisticated
Nothing like these other gyal you never do basic
I didn't leave it but I have to face it
Gal you say you're not about but you're body we break it
