B-E-double L-Y
B-E-double L-Y

Belly Squad, yeah

Why these man talking?
I can hear them from a mile away
My ex coulda have the lifestyle I live
I never gave that chick the time of day
I need my money long, getting it in all kinds of ways
But any type of disrespect, I be at your door
Like a bailiff when it's time to pay
What's all these rumours about?
I am good in the East, I am good in the South
Trust me she's the baddest, she's so good with her mouth
Please stay in your house, when my boys are about
When my boys are about

We don't talk we make moves
None of my niggas we don't lose
Got a brownie and I got a light
My music bangs so guess what, I can choose
Tell a nigga stay in your lane
If you don't make P then it don't make sense
Tell a nigga stay in your lane
Know we ain't playing no games

0-10 when it all started
Me and Fats in the ends it was a calm ting
There were a couple of youths in the block but
Their fate fit waste
So them niggas they departed
Then I linked up with T
Then I linked up with Max
Then we started hitting the booth and we
Started making them tracks
We rolling we rolling my niggas on the strip
They be patrolling and moving in and out
And she be rolling
I be in the studio with my niggas whose owning
It's just me and my team
We be chasing that cream
Put the niggas over there wires
Cause it's just me and my team

We don't talk we make moves
None of my niggas we don't lose
Got a brownie and I got a light
My music bangs so guess what, I can choose
Tell a nigga stay in your lane
If you don't make P then it don't make sense
Tell a nigga stay in your lane
Know we ain't playing no games

I just banged a move and I ain't talking fraud
Had a mad night last night but I woke up like thank the lord
And I call my bro Samurai Jack

Overtime he swings that sword (ching)
Try como to ends with your waves
You can get licked off for your board
You can get licked off for your board
Hit the booth get shows get Ps
Hot the block link chase get trees
Got my main ting in my bedroom
Hot box and she's taking me
I swear I don't even watch no face
There's no point hating me
If I ain't with TM, I'm with Tee
You taking Ls or taking Ps

We don't talk we make moves
None of my niggas we don't lose
Got a brownie and I got a light
My music bangs so guess what, I can choose
Tell a nigga stay in your lane
If you don't make P then it don't make sense
Tell a nigga stay in your lane
Know we ain't playing no games
