Belly squad, yh, yh

All eyes on the kid when I walk through
I told her I ain't tryna be your man again
But I'll be your shoulder or a person your can talk to
I never used to flex but I was forced to
The clock hit 12 my brother said the traps closed
... I can send my mummy back home
I could have a mill you'll still see me in some trap clothes
Came along way from kicking ball on the back road
Just some young boys tryna get their readies up
From chilling on the brick wall playing pennies up
Now I get a settin part side man I'm a regular
Old friends tryna bring me down cause I was heading up
I'm from the ends when your best friend can snake you tomorrow
And if your talking beef you better have it semi tucked
Sleep with one eye open like fetty wrap
Couple views now they wanna ring me on my cell

Now I'm doing number all this niggas wanna phone me
All night like that
And I used to care a lot but that's the old me
And I ain't never going back
Cah remember them days it was just a phase
All the faith went away
You know the real niggas stay
Used to care a lot but that's the old me
And I ain't never going back

Slid in your dm's but you don't mingle on the net
Its only relevance when I step
On my brother that's a bally in the tec
And I've been know in the ends that's why these niggas show respect
We doing numbers so they wanna call my phone
Irrelevant from young but now a nigga grown
If I don't know you I can't trust you
You didn't wanna know when I wasn't known
I remember when she didn't wanna rate me
Now I'm who they talk about on a daily
Me and my brothers getting wavey
How did it get like this man its crazy
I can be more than a friend to you
I know you thought that I was meant for you
She knows I got to leave when the money calls me
I know you miss me I'll be back in the morning

Now I'm doing number all this niggas wanna phone me
All night like that
And I used to care alot but that's the old me
And I ain't never going back
Cah rmeber them days it was just a phase
All the faith went away
You know the real niggas stay
Used to care alot but that's the old me
And I ain't never going back

I ain't never going back
No, I ain't never going back
And I ain't never going back
No no no non ono
Sokebody tell me why these niggas wanna beef me
Me and my niggas we keep it eavey
Somebody tell me why these niggas wanna beef me

Now I'm doing number all this niggas wanna phone me
All night like that
And I used to care alot but that's the old me
And I ain't never going back
Cah rmeber them days it was just a phase
