

## Shiny One

Belly

Bless me my son, yeah  
Bless me my son, yeah

Call on my fallen angel  
When the call comes you answer it  
When the call comes you answer it for me  
Don't forget who you come from, son  
Don't imagine that you don't owe me  
Don't forget

Bless me  
Oh bless me my son  
My shiny, my shiny one  
And you can't save me  
Shine on my sparkly one  
My shiny, my shiny one

Bless me my son, yeah  
Bless me my son

Call on my better angel  
On the one who will not be named  
On the one who will not be tamed by you  
As you skate 'round the chasm  
Sending spirals into the clouds below  
Don't forget

Bless me  
Oh bless me my son  
My shiny, my shiny one  
And you can't save me  
Shine on my sparkly one  
My shiny, my shiny one  
Bless me my son, yeah
