

Enthralled Toxic Sabbath

Belphegor

This witchblood coarses
Prophetic wombs enflamed
Twisting howls mark the path
Torch - lit Baphomet
Horns rip at the heavens
Tainted moon in descent
Fornicating invert shadows
Menstrual sacrilege

Sukkubus: Sathan, fuck me!

Enthralled Toxic Sabbath
Encircled in flames
Enthralled Toxic Sabbath
Master the Pentagram

Enshrined waiting chaos
Preparation of the feast
Sacrificial virgin sacrament
As she leads her through this death
Horns rip at the heavens
Tainted moon in descent
Ejaculating snake eyes
Lucid Union - blood of ecstasy

Sukkubus: Sathan, fuck me!

Enthralled Toxic Sabbath
Encircled in flames
Enthralled Toxic Sabbath
Master the Pentagram
