

Satellite

Ben Abraham

Don't
Don't lose faith
I know it can be so hard some days

Go
Hide your face
But when you're ready come back to your place

Here right by me
Take all the time you need

And when you feel you can't be found
Caught up in the mess-around
When the walls are crashing down
I'll be your solid ground
When you think you've lost the light
Stuck in a starless night
Lift your eyes and watch the sky
I'll be your satellite

It's true
I promise you
No one knows what they're supposed to do

We just run up these walls
And we climb just to fall
And we hope it's enough to be thought of
