

# Supernatural Thing

Ben E. King

Your love, your love  
Supernatural thing  
Your love, your love  
Supernatural thing, oh, babe

Your love (your love, your love)  
Supernatural thing (supernatural)  
Oh, baby (supernatural)

Your love, your love  
(Your love, your love)  
Supernatural thing (supernatural)  
Mmm, baby (supernatural)

When we touch, you give me such  
A funny feeling in my brain  
I'm so possessed by your love  
Sometimes I don't even know my name

When we kiss  
You know you make me hot  
I break out sometimes  
In little bitty green spots

You give me  
Give me all you got  
Don't stop it, baby  
'Cause I need a lot

Your love (your love, your love)  
Lord, it's a supernatural thing  
(Supernatural) oh, woman  
(Supernatural)

Your love, your love  
(Your love, your love)  
Supernatural thing (supernatural)  
Mmm hmm (supernatural)

Interplanetary, extraordinary love  
(Interplanetary) what you say  
(Extraordinary) hey (supernatural)  
I like it (supernatural) listen  
Interplanetary, extraordinary love

(Interplanetary) I like it  
(Extraordinary) like the way you love me  
(Supernatural) oh, baby (supernatural)

You give me cosmic feeling  
Every time that I squeeze you  
You love is so electrifying  
So satisfying  
Lord knows I ain't lying

Your love (your love, your love)  
Supernatural thing (supernatural)

Oh, woman (supernatural)  
Your love (your love, your love)  
Lord, it's a supernatural thing  
(Supernatural) what you say  
(Supernatural)
