

# Don't Let Me Forget

Ben Fuller

When I start to thinking that I've got the strength to fight  
Or when I get something good, must have been I did something right  
And when I start to thinking that I deserve some praise  
Bring me back to my knees  
And humble me with grace

Don't let me forget  
That I'm nothing without You  
Jesus, it's true  
You're all I'm holding onto  
Don't let me lose sight  
Of how You saved my life  
You're the reason I'm blessed  
Jesus, don't let me forget

Don't let, Lord, don't let me forget  
Don't let, Lord, don't let me forget

When I start to thinking of just how far You went  
That's what keeps me running right back to the cross again  
And when I start to thinking of just how much I'm loved  
I've given in so many times  
But You've never given up

Don't let me forget  
That I'm nothing without You  
Jesus, it's true  
You're all I'm holding onto  
Don't let me lose sight  
Of how You saved my life  
You're the reason I'm blessed  
Jesus, don't let me forget

There's a Savior in my story  
Says I don't have to die cause He did it for me  
Now the breath in my lungs sings holy holy  
And whatever I do He gets the glory Glory

Don't let me forget  
That I'm nothing without You  
Jesus, it's true  
You're all I'm holding onto  
Don't let me lose sight  
Of how You saved my life  
You're the reason I'm blessed  
Jesus, don't let me forget

Don't let, Lord, don't let me forget  
Don't let, Lord, don't let me forget
