

He Found Me

Ben Fuller

I found empty in a bottle, trying to fill the hole
I dug myself five feet deep, had one more foot to go
I looked for peace inside a powder 'til it put me on the floor
I got so close to overdosin', I knocked on Heaven's door

I knew I was searching for something
But I didn't know what
I spent so much time just trying to find out
Exactly what it was

I didn't find my way back home all alone
I didn't change my mind overnight on my own
It wasn't my plan or my hands that would finally set me free
I didn't find God, no, I didn't find God
He found me
He found me

Don't know how I didn't see Him comin', like headlights in the dark
With the force of a thousand horses headed straight towards my heart
Never thought that I'd believe 'til He was right in front of me
He was right there all along and now I see

I didn't find my way back home all alone
I didn't change my mind overnight on my own
It wasn't my plan or my hands that would finally set me free
I didn't find God, no, I didn't find God
He found me
He found me

He found me
In the lonely, in the hopeless, in the broken
Oh, He found me
At my lowest, not a notice, and I know
He found me
In the lonely, in the hopeless, in the broken
Oh, He found me
At my lowest, not a notice, and I know that

I didn't find my way back home all alone
I didn't change my mind overnight on my own
It wasn't my plan or my hands that would finally set me free
I didn't find God, no, I didn't find God
He found me
He found me

Oh, He found me
In the lonely, in the hopeless, in the broken
Oh, He found me
At my lowest, not a notice, and I know that
Oh, He found me
