

Man On Fire

Ben Fuller

They say
That I look a lot different
They see it in my walk and on my skin
And some say
I get a little too crazy
But I can't help being born again

Yea I'm comin' in hot
Don't tell me I'm not

Cause I'm on fire
Yeah, I'm on fire
I can't get this hallelujah off my lips
I guess I'm in love
And I can't get enough
Got that Holy Spirit flowing in my blood

I'm gonna light it up
Everywhere I go
Yeah they're gonna know
Ooh
Heaven came down, set a man on fire

Man on fire

Gospel
And a little revival
Dropped a match down in my soul
Consuming
Oh the way it pursued me
Now it's living deep within my bones

Yea I'm comin' in hot
Don't tell me I'm not

Cause I'm on fire
Yeah, I'm on fire
I can't get this hallelujah off my lips
I guess I'm in love
And I can't get enough
Got that Holy Spirit flowing in my blood

I'm gonna light it up
Everywhere I go
Yea they're gonna know
Ooh
Heaven came down, set a man on fire

Oh the fire, oh it's brightly burning
I can't stop it, spreading from my soul
Oh the fire, oh it's brightly burning
I can't stop it, spreading from my soul

Cause I'm on fire
Yeah, I'm on fire
I can't get this hallelujah off my lips
I guess I'm in love

And I can't get enough
Got that Holy Spirit flowing in my blood

I'm gonna light it up
(I'm gonna light it up)
Everywhere I go
(Everywhere I go)
Yea they're gonna know
Ooh
Heaven came down, set a man on fire
