

## Town Called Grace

Ben Fuller

Lord, I feel your, holy thunder  
Sweet salvation, when you call my name  
You will forever, be my compass  
Lead me home, to a town called grace

When life said give up  
I started giving  
And you filled me with your light  
You gave me hope  
When I was hopeless  
I'm on a hallelujah high

Lord, I feel your, holy thunder  
Sweet salvation, when you call my name  
You will forever, be my compass  
Lead me home, to a town called grace

You were the one  
Who gave me wonder  
You set a fire in my soul  
I lost my faith  
Yet you were faithful  
Now I know I'm not alone

Lord, I feel your, holy thunder  
Sweet salvation, when you call my name  
You will forever, be my compass  
Lead me home, to a town called grace
