

# Turn

Ben Fuller

I wanted to turn to the bottle  
I even drove past the bar  
Turns out I'm not as strong as I thought  
But that's when I learned that You are

When I'm weak, You are strong  
When I fall short, You go on and on  
When I run, I can't run long  
Cause Your love will  
Chase me down till I've got

Nowhere to turn but Jesus  
I turn it all over  
Let You turn it around  
Turn it around  
Screaming my prayers to Heaven  
I turn it all over  
Let You turn it around  
Turn it around

Couldn't get the words out to worship  
But you heard me through the tears  
Turns out I've never had nothing to prove  
And I sure don't have nothing to fear

When I run, I can't run long  
Cause Your love will  
Chase me down till I've got

It's your turn to fight  
Your turn to speak  
Your turn to break every chain off of me

Your turn to be right  
Your turn to redeem  
Your turn to take all these burdens from me

It's my turn to heal  
My turn to believe  
My turn to let go and finally be free

My turn to be loved  
My turn to be seen  
My turn to let you be the Savior I need

When I've got...
