

Before The Rain Dried

Ben Harper

Time runs in
Time runs out
All I have left
Is what I need to survive
To survive

The rain dried
Before it hit the ground
Sometimes I cry
But don't make a sound
Never meant to let you down
Before the rain dried

Look what I've done
With my pain
Imagine what I could've done
With joy

The rain dried
Before it hit the ground
Sometimes I cry
But don't make a sound
Never meant to let you down
Before the rain dried
Before the rain dried

The long slow midnight
Watching me pace the floor
Home is the bag that I keep
Packed by the door

The rain dried
Before it hit the ground
Sometimes I cry
But don't make a sound
Never meant to let you down
Before the rain
Before the rain
Before the rain dried

Before the rain dried
