## Get Up!

**Ben Harper** 

I have a right to get up when I please Don't tell me I can't break the law Cause the law has broken me

I have a right to get up Don't care what you say You're much too late to be thankful But thank you anyway

I have a right to get up Anywhere I'm bound Gonna tell the pain dealer To keep his nervous breakdown

I have a right to get up when I please I have a right to go where I please Don't tell me I can't break the law Cause the law has broken me
