D When your whole world is shaken Bm from all the risks we have taken D Dance with me A As G dance with me into the colors of the dust When you have awoken G from all the dreams broken come and dance with me... Em BmThe paths we're walking on Α they crumble behind us but if we leave now Α they will never.. they will never find us If this crazy world spins itself down to the dust I wanna be with you ... I wanna be with you ... colors You again start hoping with your arms wide open come on dance with me... When all will be right dancing like water in the light

oh dance with me...
