

Maybe I Can't

Ben Harper

From distance it glitters
From up-close it glows
Maybe I can't let go

Some memories I plant in the garden
Others scattered never to grow
Maybe I can't let go

What if every story
Is just one tale of woe
Maybe I can't let go

I traveled by foot
While you had wings
I traveled by foot
While you had wings

Until God reveals
What's above and below
Maybe I can't let go

Turned out a circle
What I thought was a long road
Maybe I can't let go
