

When I Go

Ben Harper

When I leave here
I'll have no place to go
And it's much too late to change my name
I'm gonna take you with me when I go

I get older
But my troubles don't change
Work so hard with nothing to show
And it's much too late to change my name
I'm gonna take you with me when I go

I'm a stranger
Even to the people I know
And I'm going to where
The winds never change
I'm take you with me when I go

I get older
But my troubles don't change
Work so hard
With nothing to show
And it's much too late
To change my name
Gonna take you with me when I go
Gonna take you with me when I go
Take you with me when I go
