

## 7 Bottles

Ben Howard

Seven bottles  
Seven bottles  
And I'm weary

Seven bottles  
Seven bottles  
And I'm tired  
And a long way from home

Seven bottles  
Seven bottles  
And I'm lonely  
Out on the roads

Seven bottles  
Seven bottles  
That I think I had

Seven bottles  
Seven bottles  
And I'm trying to hide the shame

Seven bottles  
Seven bottles  
Makes me weary now  
Stumble towards everything

This world ain't mine  
To be home  
The stars are shining  
Far too old  
For me to understand

Seven bottles  
Seven bottles  
And I'm weary

Seven bottles  
Seven bottles  
And I'm tired  
And a long way from home

Seven bottles  
Seven bottles  
And I'm lonely  
Out on the roads

Seven bottles  
Seven bottles  
That I think I had

Seven bottles  
Seven bottles  
And I'm trying to hide the shame

Seven bottles  
Seven bottles

Makes me weary man  
Stumble towards everything

This world ain't mine  
To be home  
The stars are shining  
Far too old  
For me to understand
