

Rumble Strip

Ben Howard

I heard your voice on the rumble strip
I heard your voice
Somewhere between dark and dawning
Between moon shadow and morning
I heard your voice

I heard your voice on the rumble strip
I heard your voice
Somewhere between dark and dawning
Between moon shadow and morning
I heard your voice

Wait on how to say goodbye
I'm learning the long mile
Who knew the longest mile?
Who knows a dirt mile?
A pretty girl's smile
That's a warning
Outside the morning rain
Sure fire did [?]

I heard your voice on the rumble strip
I heard your voice
Somewhere between dark and dawning
Between moon shadow and morning
I heard your voice
