

# To Be Alone

Ben Howard

I don't need nobody, no, I, I don't need nobody  
Oh, I don't need nobody to be alone,  
To be alone.

And in the darkness a shallow voice  
And it hears all.  
I bite my tongue, there's a fever,  
I will not let it go.

I don't need nobody, no, I, I don't need nobody  
Oh, I don't need nobody to be alone,  
To be alone.

And in the darkness a shallow voice  
And it hears all.  
I bite my tongue, there's a fever,  
I will not let it show.

And in the darkness a shallow voice  
And it hears all.  
I bite my tongue, there's a fever,  
I will not let it show.

I don't need nobody, no, I, I don't need nobody  
Oh, I don't need nobody to be alone,  
To be alone, to be alone.
