

# Where Do We Go

Ben Jelen

Where do we go?  
We're sitting on pins and needles, locked in a box going blind  
Out go the lights  
We never see it eye to eye, our love collides  
When something goes wrong  
You say you don't want to talk about it

So where do we go from here?  
Where do we go from here?

I give you your way  
I follow you to a place where I am set to stay  
But those things you do  
It's like you don't know how much love I'd give for you  
You give me a smile  
You say you don't like to talk about it

So where do we go from here?  
Where do we go from here?  
La la la la la  
La la la la la la la la la la la

This is right where you want to be  
Sleeping in my spiderweb  
But when it breaks with every morning  
You've got to tell me  
Where do we go from here?

Where do we go from here?  
Where do we go from here?  
La la la la la  
La la la la la la la la la la la

We've got to figure it out, you know I'm listening now, where do we go?  
Tell me where do we go, my beautiful, no I won't let you go  
We'll figure it out, I'm listening now, where do we go?  
Where do we go?  
My beautiful, I won't let you go, we'll figure it out  
I'm listening now, where do we go, tell me where do we go?  
My beautiful, no, I won't let you go, we'll figure it out  
I'm listening now, where do we go?  
Where do we go?  
My beautiful
