

Fluorescent Yellow

Ben Kenney

Fluorescent yellow you're who I'm fussin' with
You came to take a little more than I've got to give
I met you first right here back in 86
Fluorescent yellow you're who I'm fussin with

Write me up cause i will not explain
Try to feel it too , but it's not the same

Fluor, fluor, oooh

Your 7-7's cool but don't try to act tough
I seen'em (I can't make out the rest of this one, arrgh)
I only promise we'll have another day
Make me a promise we'll have another day

Write me up cause i will not explain
Will not explain, will not explain
Try to feel it too , but it's not the same
Will not explain, will not explain
Write me up cause i will not explain
Will not explain, will not explain
Try to feel it too , but it's not the same
Will not explain, will not explain
