

Bluff

Ben Kessler

Summer of 17
I tried drinking myself to the bottom
I swore everyone else was the problem
You came in red hot, heavenly
You held on when I was freezing
You showed up when I said I didn't need it
Took a fall to see that I'm

Never gonna give you up
Swear that you're all I want
I'd bet it all on us
Dare you to call my bluff
I'm not the way I was
Swear I'm gonna lock this up
I'd bet it all on us
Dare you to call my bluff

I was so damn terrified
At the thought of being someone you needed
At the thought of feeling some kind of feeling
You saw me when I couldn't see it
Tied up and 10 feet under concrete
Yeah you woke me from a bad dream
Now it feels so good just loving you loudly

Never gonna give you up
Swear that you're all I want
I'd bet it all on us
Dare you to call my bluff
I'm not the way I was
Swear I'm gonna lock this up
I'd bet it all on us
Dare you to call my bluff

Was a kid back then
Can't believe I almost lost you
Again and again and again
I keep on falling for you
You're the song that I keep writing
Over and over
Again and again and again
I keep on falling for you

Never gonna give you up
Swear that you're all I want
I'd bet it all on us
Dare you to call my bluff
I'm not the way I was
Swear I'm gonna lock this up
I'd bet it all on us
Dare you to call my bluff
