

Everything To Everyone

Ben Kessler

Sometimes I wanna get a tattoo
Don't even know if it's for me or for you
Some days I'm the loudest in the room
Most days I don't feel like talking too loud

I shapeshift
Fade into whatever space I'm in
Oh, I stay in
Scared of being the wrong thing

Maybe I'm overthinking
Sinking and swimming
When I'm a good lover it always ends
When I'm a good brother I'm a shitty friend
I'm over drinking
Getting faded to fade in
I wanna be someone
While tryna be everything to everyone

Would you love me any less
If I told you I've been playing pretend
Hands over my head
Don't even know who I really am

I shapeshift
Fade into whatever space I'm in
Oh, I stay in
Scared of being the wrong thing

Maybe I'm overthinking
Sinking and swimming
When I'm a good lover it always ends
When I'm a good brother I'm a shitty friend
I'm over drinking
Getting faded to fade in
I wanna be someone
While tryna be everything to everyone

I'm caught in between
Everything to everyone
I'm caught in between
Everything to everyone

Maybe I'm overthinking
Sinking and swimming
When I'm a good lover it always ends
When I'm a good brother I'm a shitty friend
I'm over drinking
Getting faded to fade in
I wanna be someone
While tryna be everything to everyone
