

B-E-E-R

Ben Lee

B-E-E-R
C'mon meet me at the bar
Forget about the world outside
Everything is okay
Our happiness has been eroded
Screw all that, we're getting loaded
B-E-E-R
Everything is okay

B-E-E-R
C'mon meet me at the bar
Forget about anxiety
Everything is okay
Is youth really a thing you miss?
Never mind we're getting pissed
B-E-E-R
Everything is okay

B-E-E-R
C'mon meet me at the bar
I'll buy this, you get next
And everything is okay
Life is hard
You gotta face it
Not tonight
We're getting wasted
B-E-E-R
Everything is okay
