

I always found it funny  
That your favourite part of a movie  
Was trying to guess the end before I could  
I should have seen it coming  
But I got so lost in the story  
It was over long before I understood

And I can't stop your stone from rolling in  
And wrecking things  
But shelter me until it's true  
And all this time you had a gentle way of holding me  
So could you please release me that way too?

'Cause it's okay to say goodbye  
Some things live, but all things die  
And I can't let go  
Of all of the things I hoped we'd be  
And I don't need the reasons why  
'Cause we both know  
How hard we tried  
If coming apart  
And breaking my heart is what you need  
Break it carefully  
Break it carefully

Well don't you think it's funny?  
That I'm asking you for your mercy  
After all the nights you asked me for a dance?  
I guess I'm kinda lucky  
That we got so close to the real thing  
When so many never even get the chance

And I can't stop your stone from rolling in  
And wrecking things  
But shelter me until it's true  
And all this time you had a gentle way of holding me  
So could you please release me that way too?

'Cause it's okay to say goodbye  
Some things live, but all things die  
And I can't let go  
Of all of the things I hoped we'd be  
And I don't need the reasons why  
'Cause we both know  
How hard we tried  
If coming apart  
And breaking my heart is what you need  
Break it carefully

I could leave all this behind me  
If I could remember you kindly  
I could leave all this behind me  
If I could remember you kindly  
Oh, I could leave all this behind me  
If I could remember you kindly  
Oh, I could leave all this behind me  
If I could remember you kindly

Oh, I could leave all this behind me  
If I could remember you kindly  
Oh, I could leave all this behind me  
If I could remember you kindly  
Oh, I could leave all this behind me  
If I could remember you kindly  
Oh, I could leave all this behind me  
If I could remember you kindly  
Oh, I could leave all this behind me  
If I could remember you kindly  
Oh, I could leave all this behind me  
If I could remember you kindly

If coming apart  
And breaking my heart is what you need  
Break it carefully  
Break it carefully
