

leave my mind

Ben Platt

Tell myself I don't care, it's been 31 days
Tell my friends I moved on without using your name
I tried, oh, I tried, oh, I tried

I play out I might see you, it keeps me awake
Use no streets like them versions to seep you away
I tried, ohh, I tried, ohh, I tried

Do what I can to survive
Do what I can to cut ties
You took my weed and two years of my precious time
Everything you could find

Why can't you leave my mind?
Why can't you leave my mind?
Took everything that's mine
But didn't back behind
Leave my mind
Why can't you leave my mind?

Said you'd let me alone and you'd give me the space
But you keep coming 'round when I'm doing okay
You lied, ohh, you lied, ohh, you lied

Do what I can to survive
Promise myself that I'm fine
You took my weed and two years of my precious time
Everything you could find
No, no, no

Why can't you leave my mind?
Why can't you leave my mind?
Took everything that's mine
But didn't back behind
Leave my mind
Why can't you leave my mind?

Leave my mind if you don't mind mine
Leave my mind if you don't mind mine
Leave my mind if you you're not my guy
Yeah, yeah
Leave my mind if you don't mind mine
Leave my mind if you don't mind mine
Leave my mind if you you're not my guy
Yeah, yeah
Why can't you leave my mind?

Why can't you leave my mind?
Why can't you leave my mind?
Took everything that's mine
But didn't back behind
Leave my mind
Why can't you leave my mind?
