

## A Tech You Can't Deck Out

Ben Quad

Let's go to my house  
We can have a party  
We'll get as drunk  
As the day you met me  
Let's spill it all out  
Get a little too honest  
We're gonna regret this  
But isn't that what you wanted?  
I won't say it, no, I won't say that  
I wanna have a party
