

We're Gonna Be Here For A While

Ben Quad

Hi, Garth

Hi

Where's the clerk?

I know, I'll use the "may I help you?" riff

I've got this tightness pushing on my throat

And I've got these feelings that I can't let go

I'm causing all this friction that I can't undo

I'm not ready to see this through

I got this

I'm gonna need a glass of water

We're gonna be here for a while

I thought this all out in the shower

Now my words won't come out right

I'm gonna need a glass of water

We're gonna be here for a while

I thought this all out in the shower

Now my words won't come out

And I never wanna feel this way again

I'm tired of worrying all my friends

'Cause when they ask about my plans

I just start mumbling nonsense

And I never wanna feel this way again

I'm tired of worrying all my friends

'Cause when they ask about my plans

I've got this aching deep inside my bones

And I've got these thoughts that I just can't shake loose

My mind is hazy, but I know the truth

I think it's time that I pay my dues

You're gonna need a glass of water

We're gonna be here for a while

If you keep running, why even bother?

And I'm not scared if this ends tonight

You're gonna need a glass of water

We're gonna be here for a while
