

## Duo

Ben Rector

I used to be afraid of feeling little  
I used never wanna play a second fiddle  
But that all changed when I met you (when I met you)  
You make me wanna Garfunkel  
Like you be Jesse and I'll be the other Uncle  
I don't need the spotlight  
I just wanna see you shine

I could be Joey, you could be Chandler  
You tell the jokes, and I will straight man you  
Maybe that was not always the plan  
But so what?

If you wanna love, I'll love you forever (uhh)  
If you wanna run, let's run together  
When you go high, I will go low  
I'll harmonize while you solo  
Yeah, you and I  
We could be our own iconic duo

Woah, woah  
Woah, wo-woah  
Woah, woah, yeah

I am Lennon, you're McCartney (yeah)  
'Cause I could never have imagined  
All the ways you make my heart beat (bum bum)  
They say love's all you need, well  
Please, please let it be, yeah

You can Beyoncé, I can be Jay Z  
Talent like Kanye, just not as crazy  
If it were possible I'd have your baby, Baby

If you wanna love, I'll love you forever (uhh)  
If you wanna run, let's run together (let's run together)  
When you go high, I will go low (so low)  
I'll harmonize while you solo  
Yeah, you and I  
We could be our own iconic duo

Woah, woah  
Woah, wo-woah (iconic duo)  
Woah, woah, yeah

The more I see  
Well, the more I find  
That I am better by your side  
If you wanna love, I'll love you forever  
And if you wanna run, oh let's run together

If you wanna love, I'll love you forever (uhh)  
If you wanna run, let's run together (let's run together)  
When you go high, I will go low  
I'll harmonize when you solo (solo)  
Yeah, you and I  
We could be our own iconic duo

Woah, woah  
Woah, wo-woah (oh, iconic duo)  
Woah, woah, yeah  
We could be our own iconic duo
